

Dear Students and Families,

It is my goal to keep a website documenting your student's class throughout the year. This website will not only be a source of information for you, but will also house pictures of the class. Pictures will NEVER include names of students. Whether you are granting me permission to take pictures of your child in the school setting or not, please fill out the correct form below and return it to me as soon as possible. If you have questions or concerns about the class website, please let me know.

Thank you,

Mrs. Daubenspeck

(You can access the class website at www.mrsdaubenspeck.weebly.com)
